Nomokouf contains thymoquinone and and Nigellitimine which are natural potent anti-inflammatory agent and a strong immune system booster that works effectively to relieve cough, sinusitis and nasal congestions without side effects

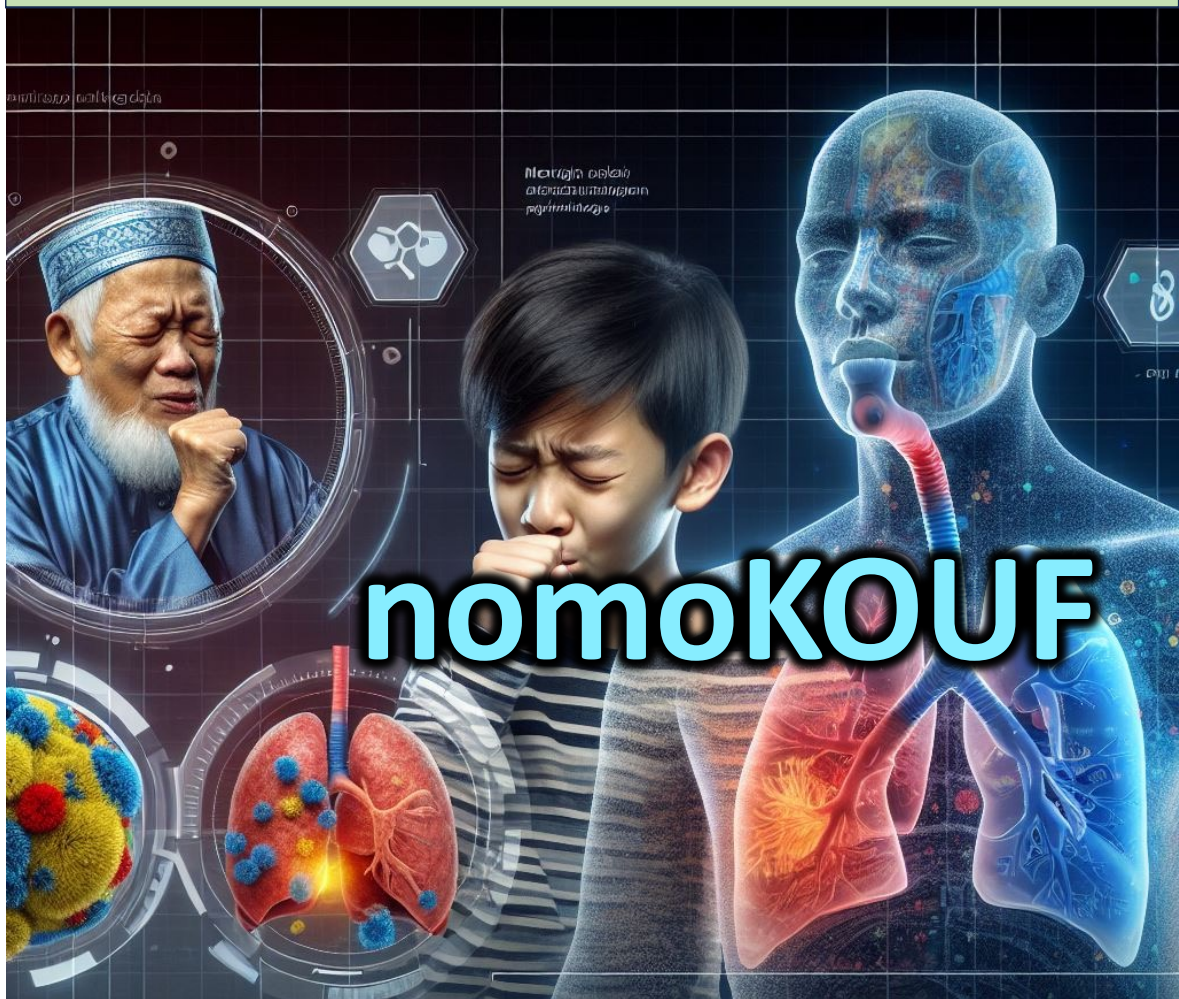

Works effectively and safely for adults and children.

nomoKOUF

Nomokouf works synergistically as anti allergic and anti-inflammatory agents as well as antibacterial and antiviral. This approach will address respiratory problems more effectively and will give a better relief and quality of health to the patients.

Dosage

Adults:

2 tablets in the morning and two tablets in the evening, can be increased if needed.

Children:

1 tablets in the morning and 1 tablet in the evening and 1 tablet at night, can be increased if needed.

The advertisement features a woman on the left and a young boy on the right, both wearing white t-shirts and holding blue tablets to their mouths. In the background, a large, vibrant green plant with a central flower head and several long, serrated leaves is superimposed over a blue, grid-like digital background. In the top right corner, a product box for 'nomoKOUF' is shown, with the text 'Mint Flavoured Habbatus Sauda (Nigella sativa) Extract and Monk Fruit' and images of the ingredients. The brand name 'nomoKOUF' is written in large, bold, light blue letters across the middle of the image.
